

# Resuscitation for Emergency Physicians: The AAEM Course

## Course Description

Resuscitation for Emergency Physicians (REP) is an integrated resuscitation course for the emergency physician.

The REP course is an advanced course for clinicians that will encompass a broad spectrum of topics including neonatal, pediatric and adult resuscitation; medical and trauma care will be discussed.

REP is the first integrated resuscitation course developed by an emergency medicine professional society that is tailored to the needs of emergency physicians.

Emergency physicians who want to take a single integrated resuscitation course taught at an advanced level, rather than taking ACLS, PALS and ATLS will find REP to be a rewarding experience.

**PREREQUISITE:** Course participation will require either Board Certification or Residency Training in Emergency Medicine.

## Credit Designation

AAEM designates this educational activity for a *maximum of 14.0 AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## Learning Objectives:

1. Develop advanced resuscitation skills that can be applied to medical, trauma and undifferentiated patients of all age groups.
2. Develop an approach to complex medical and traumatic disease processes based upon a discussion of current medical literature.
3. Develop an integrated approach to resuscitation in the emergency department.
4. Discuss by way of a case-based approach multiple key medical and traumatic conditions in an evidence-based format.

## Course Schedule

### Saturday, February 13, 2010

|         |                             |
|---------|-----------------------------|
| 8:00am  | Introduction                |
| 8:10am  | Chest and Abdominal Trauma  |
| 9:10am  | Shock                       |
| 10:10am | Break                       |
| 10:30am | Cardiac Arrest              |
| 11:30am | Pelvis and Extremity Trauma |
| 12:30pm | Lunch (on your own)         |
| 1:45pm  | ACS                         |
| 2:45pm  | CNS Trauma                  |
| 3:45pm  | Break                       |
| 4:00pm  | Trauma Mechanisms           |
| 5:00pm  | Adjourn                     |

### Sunday, February 14, 2010

|         |                                    |
|---------|------------------------------------|
| 8:00am  | Pediatric                          |
| 9:00am  | Neonatal                           |
| 10:00am | Break                              |
| 10:15am | Dysrhythmias                       |
| 11:15am | Respiratory Failure                |
| 12:15pm | Lunch                              |
| 1:30pm  | Sepsis                             |
| 2:30pm  | The Toxicology Patient in Extremis |
| 3:40pm  | Break                              |
| 4:00pm  | The Crashing Patient               |
| 5:00pm  | Adjourn                            |

**Course Directors****William Brady, MD FAAEM**

*Professor and Vice- Chair, Department of Emergency Medicine & Professor of Medicine, University of Virginia Health System, Charlottesville, Virginia*

**Andrew Perron, MD**

*Professor and Program Director, Department of Emergency Medicine, Maine Medical Center, Portland, ME*

**Faculty****Chris A. Ghaemmaghami, MD FAAEM**

*Associate Professor and Vice- Chair, Department of Emergency Medicine & Professor of Medicine, Program Director, Emergency Medicine Residency, University of Virginia Health System, Charlottesville, Virginia*

**Michael Gibbs, MD**

*Professor and Chair, Department of Emergency Medicine, Maine Medical Center, Portland, ME*

**Chris Holstege, MD FAAEM**

*Associate Professor, Director Blueridge Poison Center, Department of Emergency Medicine, University of Virginia Health System, Charlottesville, Virginia*

**Amal Mattu, MD FAAEM**

*Associate Professor and Program Director, Department of Emergency Medicine, University of Maryland, Baltimore, MD*

**Robert O'Connor, MD FAAEM**

*Professor and Chair, Department of Emergency Medicine, University of Virginia, Charlottesville, VA*

**Ghazala Sharieff, MD FAAEM**

*Associate Clinical Professor, Children's Hospital and Health Center, University of California at San Diego, San Diego, CA, Director of Pediatric Emergency Medicine, Palomar-Pomerado Hospitals/ California Emergency Physicians, San Diego, California*

**Mark Sochor, MD**

*Associate Professor, Department of Emergency Medicine, University of Virginia Health System, Charlottesville, Virginia*

**Michael Winters, MD FAAEM**

*Assistant Professor of Emergency Medicine and Medicine Associate Director, Combined EM/IM Program Co-Director, Combined EM/IM/CC Program University of Maryland School of Medicine*
