AMERICAN ACADEMY OF EMERGENCY MEDICINE

SPEAKERS BUREAU

ONE CALL FOR
THE ACADEMY’S BEST
Engaging, Knowledgeable Speakers
Insightful, Valuable Topics
Convenient and Affordable

Joseph Lex, Jr
MD FAAEM

Ghazala Sharieff
MD FAAEM

Robert McNamara
MD FAAEM

Amal Mattu
MD FAAEM
GOAL of Speakers Bureau
The American Academy of Emergency Medicine membership represents the best and brightest in the specialty of Emergency Medicine. With the formation of our Speakers Bureau, the Academy will offer the talent and expertise of its members to residency programs, staff meetings, conferences and civic groups. Our goal is to provide the most engaging speakers on a variety of cutting edge Emergency Medicine topics for an affordable price. Just one call gets you the academy’s best!

When You Book a Speaker Through the Speakers Bureau, You Receive:
• The highest quality speakers.
• A guaranteed second or third choice of speakers.
• The convenience of booking nationally known speakers with one phone call.
• A catalogue of cutting edge topics that meet ACCME requirements.
• Reasonable rates.
• Assurance you’ll receive all deadline related materials like disclosure forms, objectives, handouts, speaker introduction, etc.
• Publicity for your organization.

Speaker Rates
The AAEM Speakers Bureau provides the highest quality speakers at reasonable rates. The Speakers Bureau will require a deposit of $100.00 upon confirmation of speaker and date. An invoice for the balance (including speaker fee, Bureau fee and speaker expenses) will be sent after the event.

Pricing Schedule

Requesting a Speaker
To request a speaker, please call 1-800-884-2236 and ask for Tom Derenne. You may also email your request to tderenne@aaem.org. Please allow at least five weeks lead time when requesting a speaker.

Please have the following information when you call
• Speaker/Title Choices (Top three)
• Date(s) (Please have back up dates, if possible)
• Group Name
• Group Size
• Group Contact Information
  - Contact Person/Backup Contact
  - Address
  - Phone/Cell Phone
  - Email

Hundreds Of Topics Covered
AAEM Speakers Bureau members have more than 350 presentation and workshop titles from which to choose, in the following categories.

Clinical Core Content
Clinical Board Review
Clinical Cutting Edge
Clinical Original Research
Administrative
Political
Keynote
Medical History
Workshops
Other Emergency Medicine Titles

EKG ................................................................. M. Herbert

EM Hazmat Course (4 hours) ............................................ R. Shih

Emergency Radiology Workshop ...................................... S. Kini

Handheld Computers in EM-Tutorial ................................ R. Spence

How to Prepare for an Academic Career ......................... R. Rogers

LLSA Review Course (4 hours) ......................................... R. Shih

Love Your Patients! Training: Improving Patient Satisfaction .... S. Diering
by Improving Our Interpersonal Interactions

Medical Clearance Process ............................................. L. Zun

Mock Pediatric Codes ........................................................ R. J. Cordle

Non-Invasive Mechanical Ventilation ................................ P. De Bieux

Orthopedic Splints and Casts Lab .................................... R. Simon

Pediatric Advanced Life Support ..................................... C. A. Nozicka

Pediatric Airway-All Levels ............................................. R. J. Cordle

Pediatric Procedures Workshop ....................................... G. Q. Sharieff

Pediatric Sedation and Analgesia ...................................... R. J. Cordle

PowerPoint (2, 3 or 4 hour) ................................................ J. R. Lex, Jr.

Procedures ................................................................. M. Herbert

Reading a Head CT for Non-Radiologists: Part I Trauma ....... S. Swadron

Reading a Head CT for Non-Radiologists: Part II ............... S. Swadron

Regional Analgesia/Nerve Block ...................................... R. J. Cordle

SLIT BMP Basics ............................................................... R. J. Cordle

Systematic Approach to Interpreting Head CT .................... A. Sadosty

The Crying Child ............................................................... N. Qureshi

The Pediatric Airway ........................................................ N. Qureshi

Triage Workshop ............................................................... S. Kini

Vascular Access in Children .............................................. N. Qureshi

Venous Access ................................................................. R. J. Cordle

Workplace Violence Prevention ....................................... T. Scaletta

Other Emergency Medicine Titles

Cryonic Preservation ....................................................... K. V. Iserson

Expert Lumbar Puncture Concepts ................................... R. J. Cordle

From Creatures to Corpsicles: ......................................... K. V. Iserson

Prometheus, Frankenstein and Immortality

Get into Medical School! .................................................. K. V. Iserson

How to Give a Damn Good Talk ...................................... J. R. Lex, Jr.

How to Pass the Oral Board Exam .................................... J. R. Lex, Jr.

How to Use Bier Blocks in Your ED ................................... R. J. Cordle

How to Use Helix in Your ED ................................................. R. J. Cordle

Injection Techniques in Tendonitis and Bursitis ................. M. Nathan

Legal Topics ................................................................. J. Martinez

Love Your Patients! And Manage Risk .............................. S. Diering

Medical Toxicology ........................................................ R. J. Roberge

(Improving bioterrorism-related topics.)

Multiculturalism in Medicine ........................................ M. Nathan

Pearls in Clinical Medicine .............................................. S. Kini

Saudi Arabia: A Multicultural Environment of EM ............. N. Qureshi

Selecting a Specialty/Getting into a Residency .................. K. V. Iserson

Titles Upon Request ........................................................ W. T. Durkin

Writing the Non-fiction Book ............................................. K. V. Iserson
Directory of Speakers

Diane Birnbaumer, MD
School of Medicine
University of California, Los Angeles
Titles Upon Request

Randolph J. Cordle, MD FAAEM
Carlisle Regional Medical Center
Carlisle, PA

Clinical Core Content
Approach to Pediatric Abdominal Pain; Burn Management; Child Abuse-Visual Diagnosis Evaluation and Management of Febrile Infant/Child; Newborn and Infant Rashes; Parasites in the EP; Pediatric Seizure Management; Pediatric Asthma in the ED; Pediatric EKG Basics; Pediatric Jeopardy; Renal Tubular Acidosis; Visual Diagnosis of Pediatric Disease

Clinical Cutting Edge
Hemolytic Uremic Syndrome; Pediatric Congenital Heart Disease in the ED; Toys You Should Have in Your ED

Administration
Why Parents Should be Allowed to Stay with Their Children

Politics
EDs and Philanthropy: What We Do!

Keynote
Drugs, Alcohol, and Our Teens; Pediatric RSI Raves – The Good, the Bad and the Ugly

Workshops
APLS-Any or All Parts; Dislocation Reduction; Mock Pediatric Codes; Pediatric Airway-All Levels; Pediatric Sedation and Analgesia; Regional Analgesia/Nerve Block; SLIT BMP Basics; Venous Access

Other Emergency Medicine Titles
Expert Lumbar Puncture Concepts; How to Use Bier Blocks in Your ED; How to Use Heliux in Your ED

Peter M. De Blieux, MD FAAEM
LSUHS Charily Hospital
New Orleans, LA

Clinical Core Content
Asthma; COPD; Pulmonary Embolus

Clinical Board Review
Visual Stimulus Board Questions

Clinical Topic Review
Antibiotic Resistance in the ED; Community Acquired Pneumonia

Clinical Cutting Edge
Invasive Mechanical Ventilation; Non-Invasive Mechanical Ventilation; Vasoactive Agents

Administrative
Difficult Communications; Fatigue; Medical Error

Workshops
Difficult Airway; Difficult Communications; Non-Invasive Mechanical Ventilation

Scott Diering, MD FAAEM
Washington County Hospital
Department of Emergency Medicine
Hagerstown, MD

Clinical Topic Review
The Role of Glucagon in the Emergency Patient

Clinical Original Research
Love Your Patients! and Improve Patient Satisfaction Ratings!; Love Your Patients! and Pass USMLE Step 2 Clinical Skills Exam; Love Your Patients! and Make Your Hospital a Better Place

Administrative
Love Your Patients! Improving Patient Satisfaction

Keynote Topics
Analyzing Doctor-Nurse Relations (Allies or Adversaries)

Medical History
Functional Neurosurgery for Psychiatric Disorders

Workshops
Love Your Patients! Training: Improving Patient Satisfaction

Other
Love Your Patients! And Manage Risk
AAEM SPEAKERS BUREAU

William T. Durkin, MD FAAEM
David Grant Medical Center
Travis AFB, CA

Clinical Core Content
Abscesses: Diagnosis/Treatment

Medical History
History of AAEM

Other Emergency Medicine Titles
Titles Upon Request

David T. Ford, MD FAAEM
Palmetto Richland Memorial Hospital
Columbia, SC

Clinical Core Content/Board Review/Topic Review
Acute Pancreatitis; Endocrine Emergencies
Gallbladder Related Emergencies; Oncologic Emergencies

Charles S. Gilman, MD
Medical University of South Carolina
Charleston, SC

Clinical Core Content
Sexually Transmitted Diseases

Clinical Topic Review
Dental Emergencies
ENT Emergencies
Thromboembolic Disease

Mitchell Goldman, DO FAAEM FAAP
St. Vincent Hospital
Indianapolis, IN

Clinical Topic Review
Emergency Pediatric Update Literature and Review

Richard A. Harrigan, MD FAAEM
Temple University Health System
Philadelphia, PA

Titles Upon Request

Mel Herbert, MD FAAEM
LAC/USC Medical Center
Los Angeles, CA

Clinical Board Review
Cardiology Review; Toxicology Review; Urology Review

Clinical Topic Review
Cardiology; Trauma; Emergency Medicine Procedures

Workshops
EKG; Airway; Procedures

Jerome R. Hoffman, MD FAAEM
Emergency Medicine Center
University of California, Los Angeles

Clinical Core Content
Evidence Based Medicine: Exploding Old; Myths/Creating New Ones; Thrombolysis for Acute Ischemic Stroke

Keynote
Physicians and Industry: There is No Free Lunch

Kenneth V. Iserson, MD MBA FAAEM
University of Arizona Health Sciences Center
Tucson, AZ

Clinical Core Content
Acute Pain Management; Advanced Directives: Use and Abuse; Bioethics at the End of Life
Bioethics Committees and Emergency Medicine; Cold Injuries; Cricothyrotomy; Death and Survivor Notification (Separate Talks for Different Groups/Video Available); Death-myths: Death, Dying, Advance Directives and Survivor Notification; Disaster Epidemiology; Emergency Medicine Potpourri; End-of-Life Decisions; Ethics in Emergency Medicine; Ethics in Emergency Medicine: Cases; Ethics Issues in Hematology-Oncology Emergencies; Ethics, Professionalism, and Emergency Medicine; Fever in the Elderly Geriatrics Ethical Issues; Hyperpyrexia; Illofascial Block for Hip Fracture Pain Control; Rabies: Adult and Pediatric, with Videos of Cases

Clinical Core Content
Radiation Incident Response in the Emergency Setting; Withholding and Withdrawing Medical Treatment
Clinical Topic Review
Advanced Directives: Use and Abuse;
Advanced Directives—Their Evolution; Back Pain
Cold Injuries; Death and Survivor Notification
(Separate Talks for Different Groups/Video Available); Death to Dust: What Happens to Dead Bodies?; Death-Myths: Death, Dying,
Advance Directives and Survivor Notification; Disaster Epidemiology; Ethical Issues During Your Medical Career; Ethics in Emergency Medicine; Ethics in Emergency Medicine: Cases; Ethics of Triage; Ethics of Wilderness Rescue; Fever in the Elderly; Fight or Flight: What Will Be Physician Responses in the Next Pandemic?; Futility in Medicine; Hyperpyrexia;
Hypnosis in Emergency Care; Rabies: Adult and Pediatric, with Videos of Cases;
Radiation Incident Response in the Emergency Setting

Clinical Cutting Edge
Acute Pain Management; Futility in Medicine;
Hypnosis in Emergency Care; Iliofascial Block for Hip Fracture Pain Control; Rapid Admixture Blood Warming: 30 Seconds to 37 C

Clinical Original Research
Rapid Admixture Blood Warming: 30 Seconds to 37 C

Administration
Bioethics Committees and Emergency Medicine; Core Competencies for Health Care Ethics Consultations; Critical Leadership in Emergency Medicine; Drug Companies, Fiduciary Responsibility and Professionalism; Ethical Code for Teledicine; Ethical Issues During Your Medical Career; Medical Education and Governmental Control; Practicing and Teaching on the Newly Dead; Preparing a Professional CV

Politics
Practicing and Teaching on the Newly Dead

Keynote
Acute Pain Management; Advanced Directives: Use and Abuse; Advanced Directives—Their Evolution; Bioethics at the End of Life; Critical Leadership in Emergency Medicine; Death and Survivor Notification (Separate Talks for Different Groups/Video Available); Death to Dust: What Happens to Dead Bodies?; Death-Myths: Death, Dying, Advance Directives and Survivor Notification; Disaster Epidemiology Drug Companies, Fiduciary Responsibility and Professionalism; Emergency Med-Past, Present, Future; Ethical Code for Teledicine; Ethical Issues During Your Medical Career; Ethics in Emergency Medicine; Ethics of Triage Ethics, Professionalism, and Emergency Medicine; Fight or Flight: What Will Be Physician Responses in the Next Pandemic?; From Creatures to Corpsicles: Prometheus, Frankenstein and Immortality; Futility in Medicine; Get into Medical School!; History of Biological Warfare; Jewish Views on Death: When the Fat Lady Sings; Practicing and Teaching on the Newly Dead; Selecting a Specialty/Getting into a Residency; Withholding and Withdrawing Medical Treatment

Medical History
Advanced Directives—Their Evolution; Death to Dust: What Happens to Dead Bodies?; Demon Doctors: Physician Serial Killers; Emergency Med-Past, Present, Future; Fight or Flight: What Will Be Physician Responses in the Next Pandemic?; History of Biological Warfare; Jewish Views on Death: When the Fat Lady Sings

Other Emergency Medicine Titles
Cryonic Preservation; From Creatures to Corpsicles: Prometheus, Frankenstein and Immortality; Get into Medical School!; Selecting a Specialty/Getting into a Residency; Writing the Non-fiction Book

AAEM SPEAKERS BUREAU ON THE WEB  
WWW.AAEM.ORG
Joseph R. Lex, Jr., MD FAAEM  
Temple University School of Medicine  
Philadelphia, PA

**Clinical Core Content**
- Adult Patients With Fever; Nontraumatic Oral and Dental Emergencies; The Patient With Nontraumatic Joint Effusion; Patient With Constipation; Evidence-Based Wound Care: Why We Do What We Do; Chest Trauma-The Basics

**Clinical Board Review**
- Cutaneous Emergencies; Thoracic and Respiratory Emergencies (90 minutes); Psycho Behavioral Emergencies; Renal Emergencies; Ophthalmologic Emergencies (90 minutes)

**Clinical Topic Review**
- Pitfalls in Caring For Ten Common Problems; Drugs That Can Kill a Toddler With One Dose!; Updates in Chest Trauma: Commotio Cordis, Sternal Fracture, Flail Chest, Traumatic Asphyxia; How to Read The Chest X-Ray of a Trauma Patient

**Clinical Cutting Edge**
- New Drugs and Devices That Might Change Your Practice (Updated every January); Of Spirals and Dimers; AEDS: How Do They Work; Where Do They Belong?

**Medical History**
- Gunshots Wounds in Four Assassinated Presidents (60, 90, 120 minutes); Ten Drugs That Made a Difference in History; Who Was Ringer…..and Did He Really Lactate?

**Workshops**
- PowerPoint (2, 3 or 4 hour)

**Other Emergency Medicine Titles**
- Legal Topics

Michelle Lin, MD FAAEM  
San Francisco General Hospital School of Medicine  
San Francisco, CA

**Clinical Core Content**
- Emergency Medicine for the Medical Student/Intern (ABCs Approach to Common ED Conditions); Emergency Department Management of Chest Pain for Interns

**Clinical Topic Review**
- Drugs of Abuse; Pitfalls in Orthopedic Radiography; Pneumonia; The Difficult Vascular-access Patient; Acute Limb Ischemia; Thoracolumbar Radiography for the EM Physician; Club Drugs; Head CT Interpretation for the EM Physician

Jorge Martinez, MD FAAEM  
Medical Center of Louisiana  
New Orleans, LA

**Clinical Core Content**
- Acute Cardiac Ischemia; Evaluation of the Cardiac System; DVT and PE; Congestive Heart Failure; Valvular Heart Disease; Nuclear Cardiology; Cardiac Catheters

**Clinical Board Review**
- CHF; Acute Cardiac Ischemia; Toxicology

**Clinical Cutting Edge**
- Management of Heart Failure and Cardiac Ischemia; Emergency Medical Treatment and Active Labor Act; HIPAA

**Administrative**
- Legal Issues; EMTALA; HIPAA; Medical Malpractice; JCAHO; Risk Management; Medical Research; Career Paths in Emergency Medicine (For Medical Students and Residents)

**Political**
- Medicaid; Medicare; Fraud and Misuse

**Other Emergency Medicine Titles**
- Legal Topics

Amal Mattu, MD FAAEM  
University of Maryland School of Medicine  
Baltimore, MD

**Clinical Core Content**
- Diagnosing and Managing Cardiac Arrhythmias

**Clinical Board Review**
- Neurological Emergencies; Abdominal/GI Emergencies; EKG Board Review (Interactive Workshop, 60-90 minutes)

**Clinical Topic Review**
- Overview of Geriatric Emergency Medicine

**Clinical Cutting Edge**
- Myths and Pitfalls in ACLS; Management of Cardiogenic Pulmonary Edema: Beyond the Dogma; “Remember That Patient You Saw Last Night…..?”; Pitfalls in the Diagnosis of the Acute Myocardial Infarction; Deadly Misdiagnoses in EKG Interpretation; Subtle EKG Manifestations of Deadly Disease; Abdominal Pain in the Elderly Patient: Mythology and Mortality

**Workshops**
- EKG Board Review (Interactive Workshop 60-90 minutes); Diagnosis of Cardiac Dysrhythmias (120 minutes); Advanced EKG Interpretation: Pearls and Pitfalls (120 minutes)
Maureen McCollough, MD FAAEM
LAC/USC Medical Center
Los Angeles, CA

Clinical Core Content
Pediatric Fever; Pediatric Abdominal Pain; Pediatric Respiratory Illnesses; Pediatric Sexual Abuse; Pediatric Physical Abuse; Pediatric Head and neck Diseases; Pediatric Dermatology; Pediatric Endocrine and Metabolic Emergencies; Pediatric Sedation and Pain Management; Pediatric Neurological Emergencies (seizures, head injury, c-spine injury, weakness); Newborns in the ED; Pediatric Resuscitation Review

Robert McNamara, MD FAAEM
Temple University, Department of Emergency Medicine
Philadelphia, PA

Clinical Core Content
Abdominal Pain in the Elderly; Updates on Asthma and COPD; Wellness in EM

Clinical Cutting Edge
Updates in Asthma and COPD; Wellness in EM

Administrative
Current State of EM (1.5hrs)

Keynote
History and Current State of EM (2 hrs.); Current State of EM (1.5 hrs)

Medical History
History and Current State of EM (2 hrs.)

Michelle Nathan, MD FAAEM
Episcopal Campus of Temple University Hospital
Philadelphia, PA

Clinical Core Content
Approach to Victims of Sexual Assault

Other Emergency Medicine Titles
Injection Techniques in Tendonitis and Bursitis; Multiculturalism in Medicine

Charles A. Nozicka, DO FAAEM FAAP
Medical Director
Pediatric Emergency Medicine
Advocate Condell Medical Center
Liveryville, IL

Career Highlights

Clinical Core Content
Adolescent Risk Taking Behaviors in the “You Tube Age”
Fever in Children: The Hot Tot; Pediatric Update 2004

Edward A. Panacek, MD MPH FAAEM
University of California Davis Medical Center
Sacramento, CA

Clinical Core Content
Recent Literature Update for EM

Clinical Topic Review
The “Other” Respiratory Emergencies; Syncope; Tricks of the Trade: Pearls from 25 Years of an EM Practice

Clinical Cutting Edge
Sepsis: State of the Art; Severe Asthma: State of the Art; Severe Hypertension in the ED: State of the Art

Clinical Original Research
Sepsis: State of the Art; Severe Asthma: State of the Art; Severe Hypertension in the ED: State of the Art; Understanding Likelihood Ratios

Administrative
Clinical Decision Making: Using Diagnostic Tests; Understanding Likelihood Ratios; Dealing With the Difficult Patient in the ED

Keynote
Recent Literature Update for EM; Sepsis: State of the Art; Clinical Decision Making: Using Diagnostic Tests

Workshops
Developing a Research Project from Scratch
Nadeem Qureshi, MD FAAEM
King Faisal Specialist Hospital and Research Centre
Riyadh, Kingdom of Saudi Arabia

Clinical Core Content
Metabolic Emergencies in Inherited Metabolic Disorders; Emergencies in Urea Cycle Defects; Emergencies in Organic Acid Disorders; Approach to Metabolic Crisis in the ED; Approach to Metabolic Disorders in the ED; Status Epilepticus; General Principles in Toxicology; Neonatal Emergencies in the ED; Rapid Sequence Intubation; Shock Recognition and Management; Septic Shock; Procedural Sedation; The Crying Child; Upper GI Bleeding from an ED Perspective; Diabetic Ketoacidosis

Clinical Board Review
Inherited Metabolic Disorders; Shock Recognition and Management; Septic Shock; Procedural Sedation; Asthma; Airway Management; Status Epilepticus

Clinical Topic Review
Metabolic Disorders; Septic Shock; Procedural Sedation; Status Epilepticus; Upper GI Bleeding

Clinical Cutting Edge
Metabolic Emergencies; Septic Shock; Sedation; Development of Emergency Medical Healthcare Systems

Clinical Original Research
Approach to Metabolic Disorders in the ED; Clinical Presentation of Metabolic Emergencies; Management of Metabolic Emergencies in Inherited Metabolic Disorders; Complication of Bladder Augmentation; Atraumatic Bladder Perforation; Cervical Collar Complications; Evolution of Emergency Medical Healthcare Systems in Saudi Arabia; Development of Critical Care Services in Multiple Institutions; Endogenous NPY Mediates Vasoconstriction During Endotoxic and Hemorrhagic Shock

Administrative
Assessment and Development of Emergency Medical Systems

Keynote
Metabolic Disorders; Development of Emergency Medical Care Systems and Critical Care Services in Developing Countries

Medical History
EMS In Saudi Arabia

Workshops
The Crying Child; The Pediatric Airway; Vascular Access in Children

Laurence Raney, MD FAAEM
Medical University of South Carolina
Charleston, SC

Clinical Core Content
Rapid Sequence Intubation; Orthopedic Emergencies; Musculoskeletal Emergencies

Clinical Board Review
Orthopedics

Clinical Cutting Edge
Appropriate Use of NSAIDs in the ED

Medical History
Important, Relevant Medical Trivia

Workshops
Airway Workshop

Ramond J. Roberge, MD FAAEM
Magee Women's Hospital/University of Pittsburgh Medical Center
Pittsburgh, PA

Clinical Cutting Edge
Medical Toxicology

Other Emergency Medicine Titles
Medical Toxicology (Including bioterrorism-related topics.)

Robert L. Rogers, MD FAAEM
The University of Maryland School of Medicine
Baltimore, MD

Clinical Core Content
Endocrine Emergencies; Infectious Diseases; Renal Emergencies

Clinical Topic Review
Aortic Emergencies
Pulmonary Embolism Emergencies

Clinical Cutting Edge
A Transplant Patient Is in My ED-Now What?; Adverse Drug Events in the ED-How to Avoid Them; Diagnostic Errors in the ED-How to Avoid Them; Pulmonary Embolism-Remember that Patient You Saw Last Night?; Pumps, Shunts, Stents-Oh My!: Problems with Some Implanted Devices; Seven Habits of Highly Effective Medical Teachers; Thoracic Aortic Dissection-Don't Miss this Diagnosis

Workshops
How to Prepare for an Academic Career
Peter Rosen, MD FAAEM
Massachusetts General Hospital
Boston, MA

Clinical Core Content
Risk Management in the ED; Difficult Patients in the ED; Chest Trauma in the ED

Administrative
Medical Ethics

Keynote
Medical Ethics

Medical History
History of Emergency Medicine

Annie Sadosty, MD FAAEM
Mayo Medical Clinic
Rochester, MN

Clinical Core Content
Obstetric Emergencies; C-Spine X-Ray Interpretation; Emergency Department Approach to the Poisoned Patient; HIV & AIDS-Related Emergencies; Emergency Department Diagnosis of Ectopic Pregnancy; Sickle Cell Disease in the Emergency Room

Clinical Topic Review
Emergency Department Management of Adult Infectious Diarrhea: Myth and Misperceptions; Pacemaker Emergencies; To Collar or Not to Collar?

Clinical Cutting Edge
How to Read a Head CT; Can We Diagnose Endocarditis in the ED?; C-Spine Injuries: Pain and Paralysis or Pain and Spasm; How to Break the Antibiotic Habit While Keeping the Customer Satisfied

Administrative
Emergency Department Patient Satisfaction; Heroic Service; How to Break the Antibiotic Habit While Keeping the Customer Satisfied

Workshops
Doorway Diagnosis; Cricothyrotomy; Cervical Spine Radiography Interpretation; Systematic Approach to Interpreting Head CT

Tom Scaletta, MD FAAEM
Edward Hospital
Naperville, IL

Clinical Core Content
Trauma (Request Specifics); The Business Side of Emergency Medicine; NBC Terror Agents

Clinical Board Review
Trauma Topics (Request Specifics); Workplace Violence Prevention

Administrative
Any Emergency Medicine Administrative Topic (Request Specifics); The Business Side of Emergency Medicine

Political
AAEM’s Role in Emergency Medicine; The Business Side of Emergency Medicine

Nathan I. Shapiro, MD FAAEM
Beth Israel Deaconess Medical Center
Boston, MA

Clinical Core Content
Sepsis: A New Approach to an Old Problem

Clinical Topic Review
Sepsis: A New Approach to an Old Problem

Clinical Original Research
Decision Making in the ED

Ghazala Q. Sharieff, MD FAAEM FAAP
Children’s Hospital and Health Center
University of California, San Diego

Clinical Core Content
Pediatric GI Emergencies; Pediatric GU Emergencies; Pediatric Respiratory Emergencies

Clinical Board Review
Pediatric Review (2 hours)

Clinical Topic Review
Acute Life Threatening Events in Children; Beyond Seizures: Neurologic Emergencies in Children; Pediatric Airway Management; Seizure Management; Shock in the First Month of Life; The Crying Baby

Clinical Cutting Edge
Pediatric Literature Review

Workshops
Pediatric Procedures Workshop
Richard Shih, MD FAAEM  
Morristown Memorial Hospital  
Morristown, NJ  
**Clinical Core Content**  
LLSA Review Course (3-4 hours)  
**Clinical Board Review**  
Toxicology Emergencies; OB-Gyn Emergencies; Environmental Emergencies  
**Clinical Topic Review**  
Acute Agitation  
**Clinical Cutting Edge**  
Acute Agitation; Acute Cocaine Toxicity; Acute Seizures; Plant Poisonings; Methemoglobin Poisoning; Herbal Medicine and EM; Hydrocarbon Toxicology; Carbon Monoxide Poisoning; Intro to Toxicology; Cocaine Associated Chest Pain; Drugs of Abuse  
**Administrative**  
Emergency Medicine Career Paths; Emergency Medicine Fellowships; Resident Teaching in the ED  
**Political**  
Pharmaceutical Sponsored Research: A Debate  
**Workshops**  
LLSA Review Course (4 hours); EM Hazmat Course (4 hours)  

Robert Spence, MD FAAEM  
3rd Medical Group (PACAF)  
Elmendorf AFB, AK  
**Clinical Topic Review**  
Needlestick Injuries: A Straightforward Approach to Testing and Treatment; Back Pain and Nontraumatic Spinal Disorders  
**Clinical Cutting Edge**  
Controversial Drugs in EM  
**Administrative**  
Handheld Computers in EM-Introduction; Handheld Computers in EM-Tutorial; Handheld Computers in EM-Advanced Topics  
**Workshops**  
Handheld Computers in EM-Tutorial  

Everett Stephens, MD FAAEM  
University of Louisville Medical Center  
Louisville, KY  
**Administrative**  
Medico-Legal Issues in Emergency Medicine; Financial Management for the New Attending  

Stuart Swadron, MD FAAEM  
Los Angeles County/USC Medical Center  
Los Angeles, CA  
**Clinical Core Content**  
Rapid Sequence Intubation; Severe GI Hemorrhage in the ED; Procedural Sedation in the ED; Headache: An EM Approach to Diagnosis  
**Clinical Board Review**  
EM Board Review Potpourri  
**Clinical Topic Review**  
Diving Emergencies in the ED; Challenging EKGs; Marine Injuries and Envenomations; Ultrasound in Trauma: Pearls/Pitfalls  
**Clinical Cutting Edge**  
Stroke: What EM Physicians Should Know  
**Workshops**  
EKG Interpretation; Reading a Head CT for Non-Radiologists: Part I Trauma; Reading a Head CT for Non-Radiologists: Part II Non-Trauma  

Robert Simon, MD FAAEM  
Cook County Hospital  
Chicago, IL  
**Clinical Core Content**  
Plastics (Request Specifics); Pediatric Orthopedics (Request Specifics); Orthopedics in the Elderly (Request Specifics)  
**Clinical Cutting Edge**  
Advanced Plastics-Lecture and Lab  
**Workshops**  
Advanced Plastics Lab; Orthopedic Splints and Casts Lab
Jeffrey Tabas, MD FAAEM
College of Medicine
University of California, San Francisco

Clinical Topic Review
Emergency Assessment of Low Back Pain; Emergency Evaluation of Headache; Challenging Cardiac Cases

Clinical Cutting Edge
Acute Coronary Syndrome-Treatment Based on Risk Stratification; Pulmonary Embolism-Are We Getting It Right?; Atrial Fibrillation

Larry D. Weiss, MD FAAEM
Louisiana State University School of Medicine
New Orleans, LA

Clinical Topic Review
Diving Emergencies: Decompression Illness and Gas Embolism; Hyperbaric Oxygen Therapy; Carbon Monoxide Poisoning; Medical Complications of Cocaine Intoxication; Disaster Medicine; Gas Gangrene; Sickle Cell Crisis; Heat Illness; Hypothermia; Problem Wound Management; Toxic Methemoglobinemia

Administrative
Tort Reform/Liability Crisis; Antitrust Violations in Medical Practice; Managed Care Liability/ERISA Preemption; Emergency Medicine Chart Documentation; Medical Consent; EMTALA; Fraud; Contract Law for the Emergency Physician; What Malpractice Insurance Does Not Cover; Anatomy of a Malpractice Suit; Courtroom Admissibility of Scientific Evidence; Dealing with Difficult Patients

Keynote
Tort Reform/Liability Crisis

Michael Winters, MD FAAEM
University of Maryland Medical System
Baltimore, MD

Clinical Topic Review
Ergogenic Supplements: What You Don’t Know Can Kill You; Evidence Based GI Emergencies

Clinical Cutting Edge
Hemodynamic Monitoring in the Critically Ill

Joseph Wood, MD JD FAAEM
Mayo Clinic Hospital
Department of Emergency Medicine
Scottsdale, AZ

Clinical Core Content
Trauma Ultrasound; Defining the Standard of Care

Administrative
Contract Issues

Leslie Zun, MD FAAEM
Mount Sinai Hospital
Chicago, IL

Clinical Core Content
Behavioral Emergencies; ED Administration; Neurology Emergencies

Clinical Board Review
Behavioral Emergencies; Neurology Emergencies

Clinical Cutting Edge
Medical Clearance Process; Treatment of the Psychiatric Patient; Violence Prevention in the Emergency Department; Bonus and Incentive Plans

Clinical Original Research
English Language Ability of English as a Second Language Patients; Medical Clearance Process; Treatment of the Psychiatric Patient; Violence Prevention in the Emergency Department

Administration
Contract Negotiations; Running an Emergency Department; Recruitment and Retention of Staff; Set Up and Run Emergency Medicine Groups

Workshops
Medical Clearance Process
